

Adding Categories to an Existing Pesticide Applicator License

Here's how you add categories to an existing Pesticide Applicator License:

STEP #1: Go to our [Pesticide Educational Materials](#) webpage to find PDF links to our study guides.

STEP #2: Pay the \$15 "add a category fee" to UDAF by calling 801-538-7100. Let the receptionist know you want to pay the \$15 add a category fee. Be sure to have your license number handy. Receipt will be emailed. NOTE: You can add as many categories desired under the \$15 add a category fee. You have 30 days to complete those additional categories before paying another \$15.

STEP #3: After reading the PDF study guide(s), there are tests that must be taken at a [Pesticide Licensing Testing Center](#) (go to ag.utah.gov, hover of Popular Pages, click on Pesticides). Contact the testing center of your choice to make an appointment. **You must bring receipt of license payment to the testing center or they will not let you test.**

STEP #4: ATTENTION! Be sure to fill out the Completion Form before logging out of the exam. If you don't complete the form, your license WILL NOT be processed.

You should receive your updated license within 30 days. If not, please contact one of our Pesticide Program team members at 801-538-7185 (option #2) or UDAF-pesticide@utah.gov.
