Soil Health in the West Conference and Beginners Workshop
February 15th-17th 2022
Dixie Center St. George UT

Registration is now open for the upcoming Soil Health in the West Conference and Beginners Workshop to be held at the Dixie Center in St. George UT on Feb 15th-17th. This regional event is being hosted by the Utah Soil Health Partnership (www.utahsoilhealth.org) and made possible with a grant from USDA Natural Resource Conservation Service.

The event includes an optional Beginner Workshop on Feb 15th for those just starting to get into soil health, this workshop will include a field day and hands on demonstrations to learn about the principles of soil health, how to evaluate the health of your soil and how to get started into soil health practices like no-till and cover crops.

The Conference will include two days of learning opportunities with presentations from national experts as well as farmers and ranchers from around the region. Workshop will include 16 unique breakout sessions, a vendor fair and networking social, and lunches will be provided with registration.

Speakers and Presenter will Include

Jimmy Emmons - Crop and Rangeland, Dewey County Oklahoma
Dr. Jill Clapperton - Rhizoterra Inc https://www.rhizoterra.com
Braden McMurdie - Irrigated Cropland, cover crops and livestock, Tremonton Utah
