**Non-registered beekeepers & out of state submissions**

A charge of \$40 per sample is assessed for non-registered beekeepers and for out of state submissions.

Please indicate the person to be billed: \_\_\_\_\_

Submitted by: \_\_\_\_\_ Date: \_\_\_\_\_

*Note: The UDAF Entomology Lab reserves the right to modify tests requested for more efficient case work-up/and or to send specimens to outside laboratories.*

## **Sampling Instructions:**

### **To test for brood pathogens:**

Take a clean swab and stick it into 5-6 cells containing brood that display the most pronounced symptoms. Repeat this process with another clean swab and 5-6 different cells. Allow both swabs to dry completely before placing in a sealed container for shipping.

### **To test for adult bee pathogens and parasites:**

Collect at least 1/2 cup of bees in a vial containing ethanol or isopropyl alcohol. Drain most of the alcohol before mailing.
